There will be no increase in utility services, traffic, population, or recreation use.

POTABLE WATER: No impact, the lot is served by the Village Center Community Development District Central water system.

SEWER: No impact, the lot is served by the Village Center Community Development District central sewer system.

SCHOOLS: Not factored for project — no foreseen impact of students as the project is located within an active adult retirement community.

TRANSPORTATION: No impact; the existing home will be replaced with a new home. There will be no change in average daily trip generation.

PARKS and RECREATION: The Small-Scale Future Land Use Amendment will not cause Parks and Recreation Level of Service to be exceeded since the project is for the replacement of an existing home. Additionally, The Villages provides its residents with all Park and Recreation amenities.
