STAFF RECOMMENDED MOTIONS

Staff recommends approval to sign the agreement with Duke Energy and grant them an easement to set the power poles back further from the road and keep them off of the sidewalks at the Log Cabin.

SUMMARY

The Parks and Recreation is requesting that we grant the attached easement to Duke Energy for the proper and safe relocation of their power poles at the Log Cabin. The proposed location will place them on the sidewalk, and we see that as a potential hazard. In granting this easement, Duke Energy has agreed to move the poles back further to allow free travel on the sidewalk at the Log Cabin.
