MILLAGE RATE ANALYSIS - FISCAL YEAR

Table 8: Taxable Value

| Taxable Value | |
|--|-----------------|
| Taxable value this year (DR-420) | \$1,625,121,294 |
| Taxable value last year (DR-422) | 1,484,223,126 |
| Total increase in net taxable value this year resulted in an 9.5% increase, which includes new construction of \$11,030,270 and increased values of \$129, 867,898 | \$140,898,168 |

Table 9: Millage Rate/Ad Valorem Tax Comparison

| | Millage Rate | Ad Valorem Taxes |
|--|--------------|------------------------------------|
| Current year rolled back rate, which is the amount needed to generate the same revenues as last year based on this year's taxable value less new construction. | 3.1017 | \$5,074,851 x 95%= \$4,821,108 |
| Last year's millage rate is 9.49% higher than the current year's rolled back rate. | 3.3962 | \$5,556,698 x 95% = \$5,278,863 |
| Majority vote maximum rate, which is 2.8% increase over the current year's rolled back rate and 6.8% decrease over last year's final rate. | 3.1898 | \$5,218,996 x 95% = \$4,958,046 |
| Any of the above rates would require at least three affirmative votes. | | |
| Two-thirds vote maximum rate requiring four affirmative votes of the Town Commission, which is a 13.13% increase over the current year's rolled back rate. | 3.5088 | \$5,740,929 x 95% = \$5,453,883 |

Required votes are based on the total membership of the Town Commission, rather than the membership present at the meeting.

Adopted Budget 20 FY 2023-24

Calculation of various millage levies for voting requirements.

The current years rolled back rate is 3.1017. Since the Town did not approve the majority vote maximum millage rate of 3.3326 last year and since the prior year operating millage rate from Current Year Form DR-420MMP, Line 14 (3.5088) is more than the prior year maximum millage rate with a majority vote, Line 3 (3.3326), the rolled-back rate based on prior year majority-vote maximum millage does not have to be adjusted.

The property tax is based on the value of real and personal property. Each year, the Property Appraiser determines the total value of each parcel of property. The value of residential property represents only the value of the real estate, which includes buildings and improvements, while commercial property includes these values in addition to all relevant personal property. This value is called "assessed value". After subtracting all lawful exemptions (i.e., homestead exemption: \$25,000; Amendment One additional exemption of \$25,000; Tangible Personal Property (TPP) exemption up to \$25,000; senior limited income exemption: \$25,000; portability exemption; up to \$500,000 of existing Save Our Homes transferable; widow/widower: \$500; veterans' disability: \$5,000; First Responder Fallen Hero Exemptions 100% and others), the remaining value is called "taxable value". It is this figure that the ad valorem property taxes are calculated. One mill is equivalent to \$1 per \$1,000 of taxable value. For example, if you own your own home, and the property appraiser has set the assessed value at \$75,000, the taxable value would be \$25,000 after subtracting your \$25,000 homestead exemption and amendment one exemption of \$25,000. With a Town millage rate of 3.3962 mills, you would owe \$84.91 in Lady Lake property taxes. Example: \$25,000 times .0033962 mills = \$84.91. This calculation is only valid for the Town's share of the total millage rate of all the taxing authorities.
